

Bone Graft Alternatives: An Industry Debate

University of Kansas Edwards Campus, Overland Park, KS
Tuesday, May 13th from 6:30 - 9:00

*An important evening of discussion and debate regarding the latest advances in bone graft alternative products. Four major vendors will present the science behind their products, with **Dr. Sigurd Berven**, Associate Professor of Orthopaedic Surgery at UCSF, providing independent expert analysis. This forum is provided to all interested physicians, compliments of the physician-owners of Heartland Spine & Specialty Hospital.*
